

'Life' Breathed Into County Super-Agency

Incorporation Committee Sets Temporary Procedures, Budget

SAN DIEGO (CNS) — The Local Agency Foundation Commission Monday adopted its first budget and rules and procedures to becoming a "living" bureau.

The \$820 budget will cover only travel expenses for the new agency that will control all incorporations and annexations for most local districts and all cities.

Robert Small, executive officer for the commission, advised the commission that the county would absorb the costs for various services performed, such as providing agendas, technical information and any other material needed.

The commission adopted the proposals recommended by Small for its procedures on a "temporary basis" until they see how they work.

Ray Fellows, La Mesa mayor, said he felt that some of the proposals were unnecessarily complicated for the average, small annexation that would be the bulk of the commission's efforts. He urged that every effort be made to keep the procedure simple.

Chairman Erwin Sklar, Oceanside mayor, observed that most annexations would come through the cities and the

citizen would have the benefit of city guidance.

Small proposed that the commission use seven guideposts for its discussions on whether to accept or reject any proposals.

1. What is the purpose of the proposal; namely, what new service or higher level of service will result?
2. What is the need for the new service or higher level of service?
3. What alternative methods are available to meet the needs?
4. What will it cost to provide the service under the proposal and under various alternate methods?
5. How will the cost be met?

SPRING VALLEY ROAD REPAIR CONTRACT LET

SAN DIEGO (CNS) — Daley Corp., of San Diego, was awarded the job of resurfacing about a mile of Jamacha Road from Highway 94 to Willows Gen Road, Spring Valley.

The Board of Supervisors granted the contract Tuesday after finding that the Daley bid of \$11,130 was the lowest submitted.

Unmarried Couples Go On Welfare

SAN DIEGO (CNS) — The County Board of Supervisors refused Tuesday to bar couples living as common law man and wife from general relief.

The supervisors turned down a request of Supervisor Frank Gibson to set a new policy asking for more study of the problem before taking a stand.

Most of them indicated, however, that they would oppose Gibson's suggestion.

Supervisor DeGraff Austin reminded Gibson that common law marriage is recognized in some states and if those people came to California they would increase the load on the welfare rolls.

Homer Detrich, welfare director, inquired whether the welfare workers should ask for a marriage license before granting aid.

Detrich said that before any family qualifies for general relief that all income brought into the "family unit" must be considered. He said that a man living as common law man and wife had to be considered as a family unit and if the income from the man was disregarded, it might change the status as to their welfare eligibility, eligibility, increasing the load on the welfare rolls.

Gibson argued that it was a moral issue.

"If a man and woman live together," he said, "they should be married."

Austin said no one disagreed with him, but noted that the problem would be to decide what really made a marriage.

Austin told the board that the Navajo Indians of Arizona have a very informal idea about (Continued on Page 4)

Rep. Van Deerlin Headed For L.G.

U.S. Congressman Lionel Van Deerlin, who is the Representative for the Lemon Grove and Spring Valley areas, will be a visitor to Lemon Grove Wednesday.

Robert Rhoades, his administrative secretary in San Diego, said Van Deerlin would visit the office of this newspaper Wednesday at 10 a.m. and would welcome any local residents who want to talk with him. He will be available about a half hour, Rhoades said.

The newspaper office is at 7834 Lester avenue, Lemon Grove. Lester is one block north of Broadway and runs one block from Imperial to Grove streets.

MOTHER GOOSE PARADE — A. E. (Bob) Howell, above, will appear with 19 other equestrians in the 17th annual Mother Goose Parade Sunday. Howell, a Lemon Grove tax consultant, realtor and insurance man, will be riding "Shan Jahan," a copper-bay Arabian stallion, in western costume. Another Lemon Grove equestrian who will be in the parade is Frank Bettencourt, 2269 Cypress st., who will ride "Napoleon's Golden Note," a palomino, also in western attire. Arabian, Appaloosa, thoroughbred, pinto, palomino and quarter horses have been hand picked to lead the 14 chapters in the parade.

103 UNITS READY TO GO IN MOTHER GOOSE PARADE

EL CAJON — The 17th annual Mother Goose Parade will present 103 units, including 31 floats and a record 25 bands, when it rolls out onto North Magnolia Street at 2 p.m. Sunday.

Directors of the sponsoring parade association this week are completing details of the 90-minute parade, and with minor exceptions it will vary little from the 103-unit lineup which has been carefully fitted into the traditional 14 chapters.

The yearly storybook pageant, conceived by Tom Wigton in 1947, will begin its 3-mile procession at Madison and North Magnolia, head south to Main Street, turn eastward on Main to Second Avenue, and travel north on Second before dispersing.

"We have emphasized quality in the floats this year," Parade Assn. Pres. Clarke Hatch said. "I think floats will be the best in the parade's history."

Hatch was referring in part to the fact that all float sponsors were requested to submit sketches of their proposed entry before they began building. In the vanguard of the parade will be the Sheriff's Rangers,

will include 19-year-old Wendy Douglas, Miss California; Brig. Gen. Roger W. Smith, USAF, of San Jose, who is Deputy Commander, Sixth Air Force Reserve Region; County Supervisors David Bird, Robert Cozens, Robert Dent, Frank Gibson and DeGraff, Austin; El Cajon Mayor Lloyd Loftus and Councilmen Robert Cornett, Albert Van Zanten, Hal Whelpley and Earl Freeland.

The parade will also feature 20 hand-picked horses and riders who will lead the 14 chapters, and a 25-foot scale model of the Air Force Titan III, an orbital booster missile.

Reigning over the parade will be 16-year-old Bennette (Benne) Hanenburg, the 1963 Mother Goose Princess, who will ride a float in Chapter 2. Runner-up Eileen Tong and the Court of Seven will also be aboard the float.

Adding sparkle to the parade will be the red blazers of the parade officials, who adopted the attire for the first time to aid in identification.

The parade will be telecast by KFMB-TV beginning at 2 p.m.

ROSE PARADERS — Mount Miguel high school's prize-winning band marches in the Autumn Band Review last Saturday. Winning 96.3 points of the total 100, the band will represent San Diego County in the Tournament of Roses Parade at Pasadena next New Year's Day. First-place winner for the second consecutive year, the band's expenses will be paid by the county, in line with the Board of Supervisors' ruling last year. Photo, Mike Hanes.

MT. MIGUEL MARCHING BAND WINS ROSE PARADE BID AGAIN

by Dave Lewis

For the second consecutive year, Mount Miguel's marching band has won the right to represent San Diego at the famed Pasadena Rose Parade.

Held annually New Year's Day, the event is telecast across the nation by major television networks.

Competing in the Autumn Band Review Saturday, the Miguel marchers scored 96.3 out of a possible 100 points. Nine

other bands were entered in the San Diego Junior Chamber of Commerce-sponsored affair.

The review began at 11 a.m. on Sixth Avenue adjacent to Balboa Park in San Diego. Each band halted at the judge's stand where they were inspected and their past accomplishments noted.

After accepting the trophy from Jaycee president Chuck Dixon, drum major Merideth Morton was hoisted on the shoulders of an appreciative band.

One of the band and corps' most important competitive events looms ahead this weekend, the Arcadia Band review. Having won sweepstakes there, the perpetual trophy can be retired with a win Saturday. This would make Miguel officially the best band in Southern California until another group can equal their feat. On Sunday the Matadors march in the Mother Goose Parade in El Cajon.

Traveling to the Long Beach All-Western Band Review November 30, the Miguelers anticipate this as their biggest competition. Capturing this title would make Miguel's band the top-ranked on the western coast.

Around Spring Valley

By Anna Walden
S.V. Reporter

Mr. and Mrs. Leonard Weaver and their three children arrived in Spring Valley Saturday afternoon for a short visit. The Weavers moved from Spring Valley to Thousand Oaks California last June.

Mrs. Dorothy Relaford of 10179 Madrid Way, left Friday afternoon for Julian to attend the Girl Scout Leaders' Conference. New leaders were taught techniques and given ideas to help them in their work.

Groans were heard all over Spring Valley Saturday: Monte Vista High School students received their first report cards of the year in the morning mail.

'Open Nights' Starts Dec. 2 In Lemon Grove

"Open Nights 'til Christmas" starts locally December 2. Don Johns, chairman of the Merchants Division of the L.G. Chamber of Commerce, announced this week.

He said the opening will coincide with the town's holiday decorations being put up. Off-duty firemen will string lights along the store fronts as they did in past years. Remunerations, in form of a donation, will go to the fire relief association fund.

A town-wide promotion will be held the first week in December, he added. "Christmas merchandise can be obtained at home. Local merchants can offer the same merchandise at the same prices as those in shopping centers. There is the added advantage of parking at store fronts and being served by merchants who are the shopper's friends and neighbors," he said.

Fir trees in the plaza will be decorated by members of the L.G. Business Women's League. The trees will be used as a backdrop for Santa Claus' headquarters.

Simultaneously with this activity, the merchants division is sponsoring a Letters-to-Santa contest open to all youngsters. A Santa Claus (Sam Pernicano, chamber president) will hand out candy canes to youngsters who deposit letters in a letter box to be set up in a convenient location. The location will be announced by Johns.

Hubcaps Drive Wife To Rim of Despair

After three years of harassment, a Lemon Grove housewife hopes hoodlums will for Heaven's sakes keep their hands off her hubcaps.

Mrs. E. M. Miller of 2671 Grange st. has a brand new set of hubcaps on her car. And they're equipped with locks. It seemed the only thing to do, because she's had all or part of seven sets stolen in the last three years.

"Nothing else has ever been taken," said Mrs. Miller, who has lived here 12 years with her husband and four children. "Just hubcaps. It's gotten so I automatically check the wheels every time I look at the car."

"What's more," Mrs. Miller said, "the insurance company canceled my comprehensive coverage after this last time."

The last theft occurred the night of Tuesday, November 12, in the parking lot of a local business establishment. It was the fifth time it's happened at the locale, Mrs. Miller said, and went to the manager of the establishment.

"Oh, no, not again," said the manager.

"Yes, again," said Mrs. Miller.

"Well . . ." said the manager, and then he did a gallant thing. He bought Mrs. Miller her new set of hubcaps. And with those locks, it's assumed her car will enjoy many nights in shining armor.

He suffered a fractured knee and concussion.

LET US ALL PRAY TOGETHER AS A FAMILY

The art of Thanksgiving is THANKSGIVING; it is gratitude in action. Albert Schweitzer says, "In gratitude for your own good fortune you must render in return some sacrifice of your life for other life." Show God your thanks by regularly attending worship services. Don't think you are thankful. Act Thankful.

What is the condition of your faith? In what does it consist? Faith cannot be built on your own opinions. It must rest upon the foundation of the revelation made in God's Word. Senator Morton

Thruston Morton To Be 'Holiday' Speaker For GOPs

Senator Thruston B. Morton, R-Kentucky, a strong possibility for the Republican vice-presidential nomination in 1964, will be honored and speaker at the "1963-64 Holidays Banquet" of Republican Associates December 6.

The Banquet will begin at 7:30 p.m. at the Chula Vista Recreation Center, 385 Parkway, Chula Vista. Also to be honored at the banquet are Congressmen Bob Wilson and James B. Utt, State Senator Jack Schrade, and Assemblymen Hale H. Ashcraft, E. Richard Barnes, Clair W. Burgener and Richard J. Donovan.

The focus of the meeting, said Gordon Luce, chairman of the executive committee of Republican Associates will be upon the importance of electing Republican legislators at all levels in the general election of 1964.

Senator Morton is Chairman of the Republican Senatorial Campaign Committee, succeeding Senator Barry Goldwater.

Congressman Wilson, as Chairman of the Republican Congressional Campaign Committee, is Morton's counterpart in the House of Representatives.

State Senator Schrade, an incumbent Assemblyman in 1962, unseated Democrat Hugo Fisher in last year's sweeping GOP victory in San Diego County. All four GOP Assemblymen were elected to first terms and face re-election in next year's contests, as do Congressmen Wilson and Utt. The only national and state legislative posts in which San Diego County is not represented by Republicans are those in the 37th Congressional District and 79th Assembly District.

CALIFORNIA PAINT BRUSH

By Carol

There is an old Indian legend here in California that the spirit of the wind took up paint and brush and painted the state of California with the most beautiful flowers in the world, and that is why today people from all over the world marvel at our brilliant landscape. I don't know where this legend began, but I do know that whoever picks up paint and brush in this lovely state came come up with a vivid picture, if he has the flair for painting. And this is true of house painting too — because our homes are painted to blend with the landscape, creating colorful residential areas in a colorful land.

Take the Charles F. Riffy Painting Contractor, of 7839 Normal Avenue, in La Mesa, your reputable, dependable, state-licensed painting contractor — When the exterior or interior of your home is painted by this outstanding painting contractor you can be sure that you are receiving the best painting service and quality work that our community has to offer, because Charles F. Riffy, telephone 463-7823, has the experience and training to know how to beautify your home and add lasting value to your property.

Men's Club Given Bright Picture Of S.D. Economy

Exciting new economic expansion in the research and development industry has been sparked by the coming University of California facility to San Diego, Kimball Moore, assistant to San Diego's city manager, told the Lemon Grove Men's Club Friday.

"Research and development is growing in personnel and dollar volume as it always does in the area surrounding a major university campus," he said. "It (research and development) will produce another element of a sound economy here that has been previously overlooked," he said.

Mission Bay development will soon be drawing more tourists in spite of the fact the bond issue failed. New, lower freight rates just announced will put San Diego business firms in a better competitive position. The coming port activity makes up a part of the optimistic picture of the coming economy, he added.

The recent election in which councilman Curran was elected mayor was a vote of confidence in the city's management, he said.

"We are presently negotiating for a NASA facility and a National Pollution Control Laboratory in San Diego. Both will add materially to the economy here," he said.

The Men's club meets every Friday at Michael's in Lemon Grove and is open to men, members or not.

Sheriff's Deputy Hal Johnston will be speaker this week.

Saving at a bank is one of the best, most systematic ways there is to collect money. With your bank passbook you always know the amount of each deposit, the date of deposit, and the teller who took care of it. You also know that you can withdraw as much money as you want, whenever you want—without any fuss or bother. A savings account pays off in other ways, too. With regular interest computed daily. With special trust and loan services. And with the assurance that, when your money's in the bank, it couldn't be in a safer place.

Fourth, procure free labels from your post office which read "ALL FOR LOCAL DELIVERY" and "ALL FOR OUT-OF-TOWN DELIVERY," so that you can sort your Christmas cards into two groups, with addresses all facing one way. Fifth, sure that your full name and address is on all of your Christmas card envelopes and shopping labels and be doubly sure to include your ZIP Code number in your return address.

Lemon Grove ZIP is 92045. Spring Valley ZIP is 92077.

The Postmaster urges that Christmas mailings be scheduled so that all cards and gift packages going to most distant points are mailed by December 10. Those for local destinations should be mailed at least a week before Christmas.

sign ordered down but Thompson, a hard-working, sincere and honest businessman, was cited under Section 651 of the Business and Professional Code.

Apparently there are two levels of ignorance involved here. Thompson, I am sure, didn't believe it to be illegal to advertise his merchandise because this is America and we have the free enterprise system.

The Pharmacy Bureau ignorantly, or otherwise chooses to ignore the U.S. Constitution's Board of Rights which promises that "Congress or the Pharmacy Board shall make no law respecting the establishment of religion or the free exercise thereof or abridge the freedom of speech, or the press . . ."

The new breed of bureaucrat may attempt to convince you that control of window signs does not abridge the freedom of speech. But the bureau lies if it tries.

This is the same Bureau that required druggists to take down signs in their stores which read "We compound prescriptions from fresh drugs" The tyrannical reasoning behind this order was that such signs infer that a competitor uses stale drugs!

To this sorry state we have come in allowing bureaus to control our existence!

It is not too early to make election plans to throw the rascals out and demand laws for the people rather than against them.

Unified School Districts Are Better

School district through out the state are taking a good long look at themselves seeking the answer to the question "what ought we to look like geographically?"

To find the answer elementary district superintendents within the Grossmont high school district have called up citizens committees to give it a layman's point of view.

The Spring Valley district is already with La Mesa making it more awkward than if each community were a separate entity. Lemon Grove has a district covering most of the families gravitating to the Lemon Grove community.

The possibilities faced by the various citizens committees are three:

A unified district in the particular community. One that would have its own high school;

A combination of Lemon Grove or Spring Valley with each other or a combination of two or more adjoining elementary districts.

A unification of all the elementary districts within the Grossmont district.

It seems to us that the best arrangement would be for separate unified districts. One for Lemon Grove and one for Spring Valley. This would allow for the growth of community loyalty. Community loyalty is a major ingredient for growing, happy towns. It is easy to see how local interest would center if it had its own grade and high school system. How much fun it would be to develop rivalry with other similar districts.

But such luxury has been denied us. Somewhere along the line school leaders have developed the philosophy that it is more economically feasible to put high schools between towns and let them serve a dual capacity. Then each of the local communities were straddled with high schools.

High schools splitting communities here have not proved an economic boon.

But it did make unified districts nearly impossible.

There are some of the considerations being given to the study and ordered by State law.

There is no other possibility suggested by Dr. Norman Wollitz who heads the Lemon Grove Study Committee on School District Organization and that is in form of a question which he asks - "What's wrong with what we've got?"

A picture of Jasmagy in the studio appeared in the Camera Club Bulletin of October, 1963. He is on the advisory board of the Scholastic Photography Awards. Peru Airline Gets Convair 990A Jet

SAN DIEGO — General Dynamics/Convair has announced the sale of a Convair 990A jet liner to Frederick B. Ayer and Associates of New York, world-wide aircraft dealers.

The Ayer firm has leased the plane to Aerolineas Peruanas, international airline of Peru, for a seven-year period, at which time the airline will have an option to buy the plane outright.

Terms of the \$6.5-million agreement call for Convair to support the airline with spare parts provisioning and pilot and maintenance training programs. The jet, with accommodations for 119 passengers, will go into service December 1 between Lima, Peru, and Miami, Mexico City and Buenos Aires.

Chargers Take On Houston, Leader in Eastern Division

SAN DIEGO — For the fourth consecutive week the American Football League's Eastern Division puts its best foot forward against the San Diego Chargers as the San Diegans return home to Balboa Stadium to entertain the Houston Oilers this Sunday.

Kick-off time is 1:35 p.m. ABC Television will beam the game to various regions of the nation, while the Chargers' radio network (KFMB in the Greater San Diego area) will air the action.

The Chargers will salute Escondido, Fallbrook and Vista and the U.S. Marine Corps Sunday as part of their community and military relations programs.

Houston, after a week's "vacation" thanks to a bye, rests atop the Eastern Division's cluttered top echelon with a 6-4 record, one game in front of Boston and Buffalo and a game and a half ahead of New York. Once again, then, the game falls into the "must" category for the Oilers as well as the Chargers, who hold but a two-game edge over Oakland. Defending AFL champion Kansas City and Denver have already been eliminated from championship possibilities.

Houston is the only club in the AFL to boast an advantage over the Chargers in regular season competition. In league games, the Oilers lead four games to two and have taken two of two championship games for a 6-2 edge. The Oilers were AFL champions in 1960 and '61 and Eastern Division champions all three seasons of the league's existence.

With four pre-season deci-

sions, the Chargers are tied over-all with the Oilers at six victories apiece.

San Diego has the winningest record in the AFL at 8-2. It is undefeated in competition with Eastern Division representatives.

The Oilers pin their offensive hopes on quarterbacks George Blanda and Jack Lee, fullback Charley Tolar and ends Charlie Hennigan, Willard Deweall and Bob McLeod.

Coach Sid Gillman will lead with quarterbacks Tobin Rot and John Hadl, halfback Paul Lowe, fullbacks Keith Lincoln ends Lance Alworth, Don Norton and Dave Kocourek, and tackles Ron Mix and Ernie Wright on offense.

School Offering Adult Classes

Classes in Spanish, real estate law and practice, civil service preparation, radio repair, book keeping and public speaking are being offered by the Memorial Adult high school.

All classes are offered to adults of southeastern San Diego on weekdays between 6:30 and 9:30 p.m. at the school's three centers.

For further information about any of the classes call 262-8658.

HELIX SPANISH STUDENTS TO SEE POSADAS, MISSION

Helix High School Spanish students of Mrs. Yolanda Ornelas and Mrs. Adele Martinez will travel with them by bus, Saturday, to Padua Hills near Claremont, to see the Christmas Posadas. The 45 students will picnic en route and visit the Mission of San Luis Rey.

Purpose of the trip is to stimulate interest in the language and in the culture and customs of Spanish-speaking people. After the Posadas, the group will share in the Merienda, a party celebrating the season and good fellowship.

Brothers Twin Up As Daily Buglers

Two boys, both sophomores, both trumpeters in the Mount Miguel high school band — twins, what else?

Having played the trumpet seven years, Ron and Rod Hutton were selected to "bugle" at daily flag-raising ceremonies as a part of patriotic activities at the Spring Valley school. Chosen because of previous experience in junior high school, the boys' presentation is made possible because of a recently installed intercommunications system.

Although their parents had a trombone in mind, the boys have primarily stayed with the trumpet. Rod, however, also plays the guitar as a hobby. At school, Ron and Rod have two hours of music daily in the concert and marching bands. In concert band, Rod is third chair; Ron seventh.

The twins are entering their third year in the Civic Youth Training Orchestra, a group directed by Mount Miguel instructor, Lawrence Christianson.

After high school both boys plan to attend San Diego State for two years, then finish their education elsewhere. Rod hopes to be a minister or a doctor, and Ron hasn't decided.

CIVIL SERVICE JOBS OPEN FOR RADIO TECHNICIANS

Applicants must be over 20 years of age and be able to install and maintain the County's communication system.

Deadline for applying for the jobs is Dec. 5 at the Dept. of Civil Service, room 403, Civil Center, San Diego.

Social Security Question Box

By Guy Deeks
Social Security Editor

Q. Do I have to pay social security tax on wages I paid a cleaning woman last quarter? I paid her \$1, an hour and she worked only five hours a week for me.

A. You have to pay FICA tax on her wages unless she didn't work every week in the quarter. As long as you pay a domestic at least \$50 in a calendar quarter, you have to report the earnings and submit the employer's and employee's share of the tax.

Q. Is the single payment of \$255 that I receive when my husband died two years ago all that I will ever get from his social security?

A. Evidently you were not 62-years-old and you did not have children eligible for benefits when he died. When you reach 62 you can get monthly benefits on his account unless you have remarried. You will have to make a formal application for it, however.

MT. MIGUEL GIRLS ASKING DONATIONS FOR THANKSGIVING

Mount Miguel high Girls' League is sponsoring a "canned food and dime" drive Thursday and Friday of this week in order to give needy families a better Thanksgiving dinner.

The girls are asking that all Mount Miguel students bring either canned food or a dime, or both, to school. The drive is the League's first community service project for this school year. Last year the League won Mount Miguel's first annual service trophy.

When's the last time you drove a Ford?

Take it from Dan Gurney. You've got to drive the '64 Ford to believe it. You've got to get behind the wheel yourself to find out why they're calling the '64 the most changed Ford in history. But here's a hint: '64 Ford is new — not just in acceleration or handling or cornering or braking — but in every way, inside out. So come on in — we'll hand you the keys to a '64 and you can make up your own mind. By the way — how long has it been since you've driven a Ford?
